

My name is **Emmanuelle Vaugeois**. I am the owner of Scenic Roads, a receptive tour company. We do organize tours for French speaking people in all United States. I am Born in Brittany in France. I arrived in Las Vegas 13 years ago, following my husband's acrobat at Cirque du Soleil.

I have a master's in sport management and used to work in sport events in France. When I arrived in the United states I found jobs as tour guide because I am trilingual (French, English, Spanish) . A short amount of time after that I got a job as tour coordinator in a DMC, I stayed there a couple of years. I was not satisfied by the quality of their work, so I decided to create my own company 5 years ago. I love my job; I am a travel addict and in love with the United States. I am always on the road visiting new places, fining new activities, and restaurants. It is like being on vacation but this is my full time job !!!!
