

HIDDEN GEMS IN THE VALLEY

Go West Adventure Day

Just south of Reno, in the shadow of the eastern Sierra, lies two distinct pockets of Nevada to be discovered. Nevada's capital, Carson City is the center point of your Nevada experience. The city's quaint and welcoming downtown calls for you to slow down and soak it all in. Just down the road, Carson Valley is home to pristine views, wild horses and even wilder good times. Nevada's oldest settlement, Genoa, offers the perfect chance to wet your whistle at the region's oldest bar. The area's prolific Basque ties bind these two unique destinations together. This is Nevada at its most original.
